

OVER-the-COUNTER DRUG FACTS LABEL SORT

The Food and Drug Administration requires that the information on the Drug Facts Label is in an easy to read format and listed in a prescribed order. Only some of the following information is required on the label, the rest is required on the packaging. Sort the information by required location into two categories: 1. Drug Packaging and 2. Drug Facts Label.

Order the items found in the Drug Facts Label column in the order they must appear.

- Inactive ingredients
