LifeSmarts OTC Medicine Safety Mentoring Project – Seeking two Educators

LifeSmarts is partnering with McNeil Consumer Healthcare to develop a project to educate students about OTC medicine safety. We are seeking two educators to join the working group to advise us on the project. Any LifeSmarts educator will be strongly considered, and a health background is a plus. The working group will work closely with LifeSmarts staff throughout 2017 to develop this project. The group will meet by phone once per month and in person in Pittsburgh on Friday, April 21, from 9 a.m. – 1 p.m. Working group members will receive funding assistance for the Pittsburgh meeting. If you are interested, please contact Lisa Hertzberg by Wednesday, March 15: lisah@nclnet.org.
