

## Texas Association of Future Educators Connection-LifeSmarts leadership and scholarship opportunity

### Become an OTC Medicine Safety Mentor

2017 is the Year of Health and Safety at LifeSmarts, and high school participants have an exciting community service opportunity: to become over-the-counter (OTC) medicine safety mentors.

The OTC Medicine Safety Mentoring Project is designed with LifeSmarts students in mind, and based on educational materials produced by Scholastic and the American Association of Poison Control Centers with support from Johnson & Johnson Consumer Inc. The project promotes safe medicine storage, safe use of OTC medicine, and understanding the Drug Facts label.

High school students demonstrate leadership by teaching 5<sup>th</sup> and 6<sup>th</sup> graders about medicine safety. The lesson is easy to adapt to classroom, club, and community settings.

Students and chapters or teams that become OTC Medicine Safety Mentors are eligible for:

- one of five \$1,000 post-secondary scholarships
- one of 25 \$500 ChapterTeam Awards
- one of 200 \$25 Educator awards

Visit the LifeSmarts Web site to get started:

### The TAFE Connection

This program fits well with many existing TAFE projects.

Consider using with:

- TRAFLES
  - Teaching & Training
  - Leadership
  - Service
- Competitive Events
  - Project Visualize - Teaching
  - Project Visualize - Service
  - Lesson Planning & Delivery - STEM

Get your members involved in a project where they will grow, learn, serve, and receive recognition for their efforts!  
TAFE is the Texas State affiliate of Educators Rising.
