

LifeSmarts + 4-H = Opportunity

What is LifeSmarts?

LifeSmarts, a national 4-H partner, is a comprehensive consumer education program that is free to middle and high school students and educators. The mission of the LifeSmarts program is to create consumer savvy young people who will be better equipped for adult life in today's complex, global marketplace. Travel, earn scholarships and great prizes, strengthen your 4-H program and projects and have FUN!

Categories are Health & Safety, Technology, Consumer Rights & Responsibilities, Personal Finance, & Environment. 4-H'ers already learn about all five of these competition categories through Consumer Decision Making and other 4-H judging events, 4-H project work, healthy-living programs, community service...the list goes on and on!

Get involved with your 4-H'ers today.

4-H varsity and JV teams compete in monthly 4-H TeamSmart Challenges for cash awards.

State winning varsity teams advance to the National LifeSmarts Championship.

One guaranteed 4-H team Wild Card bid to the national contest.

Use XPLORLABS, OTC Medicine, and Fraud Ambassador lessons for leadership and service projects.

LifeSmarts
Celebrating 25 Years!
