Tip: Credit curriculum

Today's TeachSmarts tip is to book presentations from CARE for your LifeSmarts students.

Volunteers from CARE (Credit Abuse Resistance Education) give presentations to young people across the country to help them understand how to build strong financial futures. CARE is the only organization working with professionals in the bankruptcy system and financial industry who see firsthand the consequences of severe financial problems.

CARE's curriculum focuses on core financial literacy topics such as budgeting, credit, and student loans. [Click here](#) to download a .pdf document about how CARE can help you and your LifeSmarts students. For additional information, [contact CARE Executive Director Tammy Hettinger](#).
