COVID- 19 Protocols and Waiver for the 2022 National LifeSmarts Championship

A link to upload your waiver, vaccination card, or proof of a negative test (for individuals who are not vaccinated) will be sent closer to Nationals. Be prepared to upload these items April 18-20, 2022.

Please note the COVID-19 protocols in place for the event:

- Proof of a complete vaccination series OR proof of a negative COVID-19pcr test within the 40 hours preceding arrival on Thursday, April 21, must be submitted for each attendee.
 - Recognizing that vaccination is currently the leading public health prevention strategy to end the COVID-19 pandemic and keep people safe, attendees are strongly encouraged to get vaccinated and boosted before attending the National LifeSmarts Championship.
 - Individuals who are not vaccinated must submit proof of a negative COVID-19pcr Test within the 40 hours preceding their arrival at the event.
- All participants (or their parent/guardian, for students under 18) must sign and submit the [“2022 National LifeSmarts Championship COVID Safety Agreement & Waiver”](#) in order to attend the event, along with a copy of the complete vaccination series card or proof of the negative COVID-19pcr test.
- Attendees must wear masks at all times except for when they are actively eating and drinking, students are competing on stage, or when attendees are in their own sleeping rooms. Masks are not required when outdoors.
- Everyone is responsible for bringing their own face masks to the National LifeSmarts Championship. N95 and KN95 masks are shown to be most effective and are strongly encouraged.
- While there is no limit on the size of indoor or outdoor gatherings, maintaining 6 feet of physical distance from individuals outside your immediate pod is highly recommended as a way to further reduce transmission risk.
- Proper handwashing and respiratory etiquette are also important measures to keep individuals and our communities healthy.
- Attendees agree to self-monitor for any symptoms of COVID-19 and quarantine if they exhibit any signs of infectious illness.
- The National LifeSmarts Championship is a closed event this year due to COVID-19 guidelines. Only registered attendees will be allowed to participate. Admission to all LifeSmarts events will be monitored.

- If protocols change prior to our event, updates will be provided to all registered participants.
- Contact the LifeSmarts staff with questions.
