TeachSmarts

December 14, 2021

## We are recruiting!

Today's TeachSmarts tip is to help us recruit a new LifeSmarts Program Associate.

The Program Associate works with the LifeSmarts program staff to produce the National LifeSmarts Championship, writes program content, and assists with special LifeSmarts projects. This position also works with our National Consumers League Food Policy Program. [More information and application specifics are available here.](#)

Please share this information with anyone — especially LifeSmarts alumni — who might be interested. Thank you!

After this edition, TeachSmarts will be on Winter Break until the new year. Watch for the January SmartStart e-newsletter to welcome you to a great LifeSmarts 2022 on January 4.

Happy holidays from each of us at NCL and LifeSmarts!

*P.S. – Remember LifeSmarts in your year-end giving. Donate today.*
