Enter our digital poster contest

This week's TeachSmarts tip is to encourage your students to enter the LifeSmarts Be Safe, Buy Real Anti-Counterfeiting Digital Poster Contest.

The deadline for the [LifeSmarts Be Safe, Buy Real Anti-Counterfeiting Digital Poster Contest](#) has been extended, and it is open to all LifeSmarts students in grades 6 -12. Students use information from UL's anti-counterfeiting campaign, [Be Safe, Buy Real](#), to learn about counterfeit goods. Utilizing what they have learned, students develop and design their own unique message in a digital poster format. Prizes will be awarded to the top posters in middle and high school categories. The new entry deadline for individual posters is March 25. For additional information, [read the full rules](#) and [review the judging rubric](#). Enter today!

Thanks to our partners at UL for sponsoring this contest.
