

LifeSmarts U Technology and Workforce Preparation Lesson

Be Smart About What You Share: A Toolbox Lesson

Toolbox 6: Privacy Game

Privacy Game adapted with permission by LifeSmarts from Meta's Get Digital Program

Directions

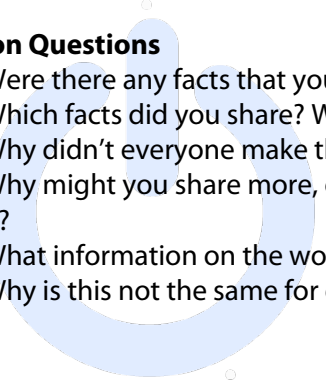

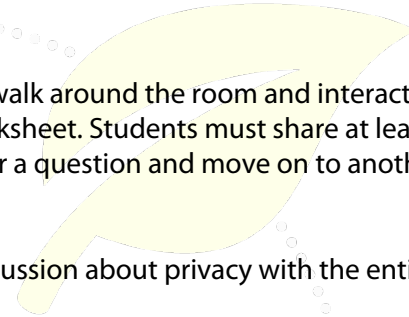

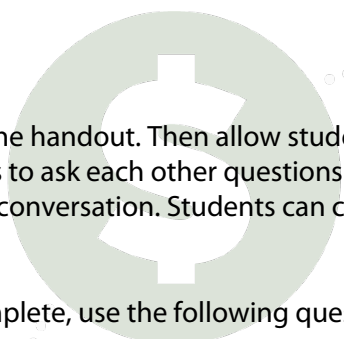

Ask students fill out the handout. Then allow students 15 minutes to walk around the room and interact with each other. Direct students to ask each other questions taken from the worksheet. Students must share at least three answers during each conversation. Students can choose to not answer a question and move on to another conversation.

When the time is complete, use the following questions to have a discussion about privacy with the entire group.

Note: At the end of the activity, ask students to either throw their handouts away or take them with them—as a mentor concerned with privacy, don't collect the sheets.

Discussion Questions

- Were there any facts that you did not share with anyone? Why did you choose not to share?
- Which facts did you share? Why?
- Why didn't everyone make the same decisions about what to share?
- Why might you share more, or less, of this kind of information with different people? When would you share it?
- What information on the worksheet is public? What is private?
- Why is this not the same for everyone?

Privacy Game Worksheet

HANDOUT

Privacy game

Directions: Write down the following things about yourself. You can write "No" instead of answering.

First name:

Last name:

Age:

School/Work:

Home address:

Favorite movie:

Best friend:

Biggest fear:

Most embarrassing memory:

Last test/class result:

Birthday:

Email:

Mobile phone number:

Social media handle(s):

Most recent photo taken:

Optional: *If you'd like, if you have a mobile device with you, you can select and show the most recent photo and/or video you took with your phone as you walk around.*
