

# LifeSmarts

*Learn it. Live it.*

## Notes from the Director

### LifeSmarts Alumni Update, July 2023

Dear LifeSmarts Alum,

The past month has been full of networking events and competitions held in conjunction with our many wonderful student leadership organizational partners.

#### Program Updates

In June and early July, the LifeSmarts Team:

1. Attended the SkillsUSA national conference in Atlanta to help administer the Health Knowledge Bowl.
2. Prepped two long-time LifeSmarts coaches from West Virginia to showcase LifeSmarts with a booth and demo competitions at the TSA (Technology Student Association) national conference in Louisville.
3. Ran a two-day competition for student competitors at the FBLA (Future Business Leaders of America) national conference in Atlanta.
4. Conducted the FCCLA/LifeSmarts Knowledge Bowl finals with 14 teams in attendance at the FCCLA NLC. Teams competed over two full days, and 4,000 spectators watched the final match live at the Denver Convention Center!

We hope your summer is going well and remember that LifeSmarts U has many lessons and resources that can help you in your life after high school. Check out the [Alumni Page](#) here.

Best regards,

Lisa Hertzberg  
Program Director, LifeSmarts
