Learn it. Live it.

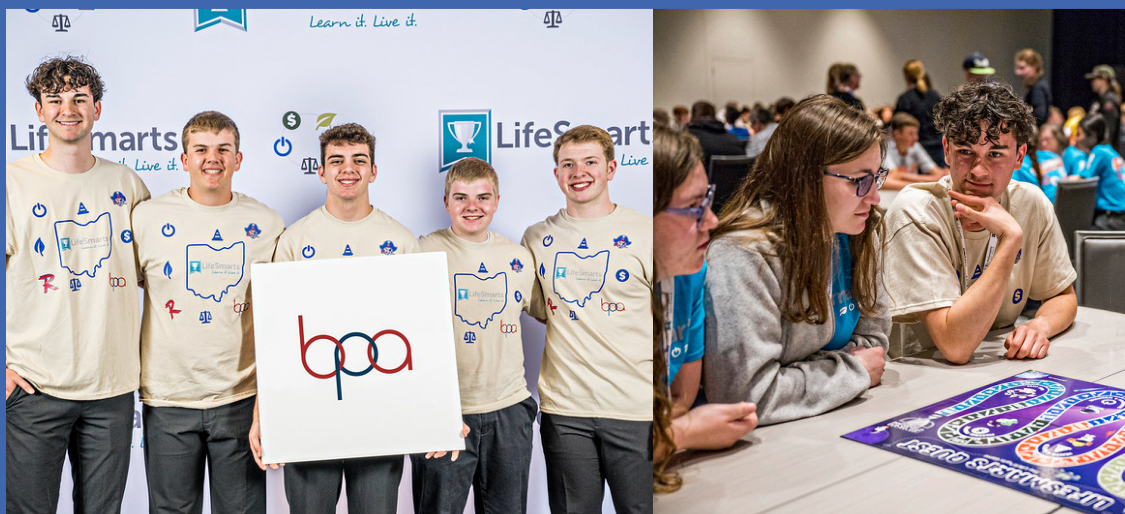

Two online challenges

LifeSmarts/BPA Technology & Workforce Preparation Challenge

January 1–31, 2026

LifeSmarts/BPA Personal Finance Challenge

February 1–28, 2026

The BPA LifeSmarts competition begins with the online challenges, with top-scoring teams receiving cash prizes. Teams of two BPA members pair up to compete as a team. See below for more details.

Challenge Rules

A team member cannot be on more than one BPA team.

Teams may compete in both challenges but may choose to compete in just one of the two.

A chapter may have any number of teams compete.

The teams that earn the highest score in each challenge will receive cash prizes. One Junior Varsity level BPA Team comprised of two members in grades 6-8, and one Varsity level BPA team comprised of two members in grades 9-12 will be recognized in each challenge.

See our LifeSmarts BPA page for complete details and how BPA Teams can also compete in our State and National LifeSmarts Championships!

Steps to register and compete

- 1 The chapter adviser registers online as a coach. (Coaches only need to [register](#) once.)
- 2 Students [register](#).
- 3 The coach creates a team. Team names should include the school and students' names, ex: "Centennial_Smith_Jones.") Choose "BPA" as team type.
- 4 Teams must be two students for the LifeSmarts BPA Challenges.
- 5 Students use practice quizzes and other online resources to prepare.
- 6 The student team can take the quiz together anytime during the quizzing period. The quiz closes at 11:55 PM (ET) on the final day of the respective challenge.
- 7 Students will take one quiz together. The Quiz will be assigned to the Team Captain. The Captain logs in and clicks on the quizzes tab on the left, then the folder name of the quiz they are taking.
- 8 After the completion of each Challenge, LifeSmarts and BPA will announce the winning teams and award their prizes.
